

Folger McKinsey Elementary School

175 Arundel Beach Road | Severna Park, MD 21146 | 410-222-6560

Dear Parent/Guardian:

Folger McKinsey Elementary is proud for becoming a Maryland Green School and a National Green Ribbon School. We were recognized for the award because of our excellent school-wide environmental program. Awards are given out for recertification each year.

To continue our efforts to remain a Maryland Green School, Folger McKinsey Elementary needs to have parents/guardians access our monthly newsletter from our Folger McKinsey website. Access to the Folger McKinsey web page can be made through [http://www.Folger McKinsey.org/](http://www.FolgerMcKinsey.org/). The newsletter is published the last Tuesday of each month.

If you do not have access to a computer or prefer a paper copy of the newsletter, one will be made available to you through your child. Please complete the form below **only** if you need a copy of the newsletter. If you have more than one child in the school, please request only one copy to be sent home with the sibling of choice.

Reducing our consumption of paper is one of our environmental goals for the 2011-2012 school year. Thank you for helping Folger McKinsey Elementary in maintaining our Maryland Green School status.

Sincerely,

Susan Bachmann
Principal
